

Bioenergy Balancing ‘Vibrational’ Exam *An Annual Physical only Energetic*

Prevention with precision to foster long-term health and well being.

Situations, old content or environmental exposures could result in future illness or physical dysfunction. These imbalances show up in the body’s biofield or energetic template long before physical symptoms begin to appear. A ‘vibrational’ examination can identify and resolve energetic imbalances before they manifest in the physical body.

In 90-minutes we’ll check your ‘vibrational’ health in these key areas:

- ✓ Immunity
- ✓ Blood sugar
- ✓ Cholesterol
- ✓ Blood pressure
- ✓ Hormone production
- ✓ Heart / Circulation
- ✓ Liver / Gall bladder
- ✓ Colon health
- ✓ Digestion
- ✓ Toxins/Parasites
- ✓ Allergies

Session Cost: \$ 150

Once we’ve checked the ‘vibrational’ status we will do whatever clearings are needed to bring the biofield back into balance. Additional sessions may be necessary to address all findings.
